VOLUME 29 #7

YOU ARE NEEDED

We are in need of loving and caring people to serve as camp counselors and nurses for our annual summer camp. This truly is a unique way to spend your summer and we hope you will consider joining us for a meaningful and fun-filled time. Our campers are looking forward to another great summer full of camping activities such as swimming, singing, dancing, arts and crafts, discussion sessions centered around a theme, campfires and much more! Please sign up now as a counselor or if you are an R.N. or L.P.N., please consider being the camp nurse for a week. By experiencing camp as a volunteer you will see how special Camp Sharing Meadows really is and how much it means to each camper. For many of our campers, summer camp is their only chance to take a vacation – please help to make this possible for them by signing up. Camp begins on June 15th and runs for five consecutive weeks. You are welcome to come for one week or all five. No experience is necessary and we will provide training. Please call us at 219-778-2585 and sign up today!

FROM THE DESK OF FATHER BLANEY...

Mother's Day will soon be here. Most of us have happy memories of our mothers. Sometimes when we were younger, we thought of them as being too strict. But as we get older ourselves, we begin to see their wisdom. I will always remember the time I was a naughty boy at Sunday Church and was told by my mother that I was going to get a spanking when I got home. Lucky for me, some church lady friends were walking with us and kept my mother in conversation while I scurried into the house and found a pillow to place over my delicate posterior inside me pants. When my mother came in, she had me give her my belt and lay on my belly on the couch. With that, the promised spanking started. Well, it did not produce the desired results. So up the spine the spanking proceeded with me now pleading for her to hit lower. It was clear in short order that there was subterfuge. Actually, I became a better boy at Church. God bless all mothers. God bless us all with many happy memories!

THOUGHTS FROM THE EXECUTIVE DIRECTOR

By Kathleen Kelly

Spring is here at Sharing Meadows and everyone is enjoying the warmer temperatures, the fragrant flowers and the beautiful days. Every year in the spring we plant new trees at Sharing Meadows and this year the Villagers and stewards worked hard planting black walnut, red oak and northern white cedar trees along with elderberry bushes and the grounds look more and more beautiful thanks to their efforts. Father Blaney explained to the Villagers that the trees they're planting now are not for themselves but for the people who will live at Sharing Meadows in the future. They realized the importance of planning for the future and saw the need to have mature trees to provide fruit, shelter and wood for generations to come.

Planning for the future of Sharing Meadows isn't limited to planting trees. Presently we are planning for the next village of three homes to be ready for occupancy in 2004. There's much to be done: building a road, selecting the homes, installing utilities, drilling a well and of course, raising the funds to pay for all of it! Once those projects are underway, we work on the most important aspect of a new village: hiring stewards and selecting the Villagers who will call it home. We have a long list of applicants for residency at Sharing Meadows because their parents and other family members recognized the need to plan for the future – their loved one's future. They realize that if their child is to live at Sharing Meadows, they must file an application with us and go through the entire process, which is all part of planning for the future.

Parents have told me time and time again that after they die their child can come to live at Sharing Meadows. Some people have even gone so far as to state in their will that their other abled child is to live at Sharing Meadows after their death. Parents, be realistic! Your other abled adult is not going to live at Sharing Meadows just because you put it in your will. It isn't fair to the families who went through the application process and are patiently waiting for an opening in one of our villages to be turned aside to admit someone who hasn't even planned enough to submit an application. Plan for your child's future now, while you can still help them make the right decision. If you truly want your child to live here, you must contact us to request a residency packet, fill out the application and go through the admission process. Filling out an application doesn't guarantee residency but at least your family member will be considered for it.

The master plan for Sharing Meadows calls for a total of 5 villages – 15 homes – 30 Villagers. Obviously everybody who applies for residency can't be accepted but even more obvious is the fact that if you don't apply, your chances of being selected are nil. Sharing Meadows is a great place and many other abled people want to live here. Vacancies rarely occur and when they do, are quickly filled. If this is your hope for your child's future, don't just talk about it, do something about it! Call our residential coordinator, Terri Werner, at 219-778-2585 and she will be happy to answer your questions and send you an informational packet.

As they plant trees, our Villagers are planning for the future. Follow their lead and plan for your child's future. The spring season with its hope and promise of new life is a perfect time to make plans to make sure your other abled child's future is the best that it can be!

SPRING LUNCHEON

Chairperson Shirley Ladendorf and the Service League members are ready to deliver prizes to lucky winners

The 12th annual Spring Luncheon hosted by the Share Foundation Service League on Wednesday, April 9th was an absolute success! Spring was certainly in the air as nearly 600 guests gathered at the Halls of St. George and enjoyed beautiful decorations, fabulous prizes, and a delicious meal topped off with homemade cookies baked by members of the Service League and other kind friends! As guests entered the room they were treated to a vision of spring with an array of spring colors in the flowers, table linens and balloons. Chairperson Shirley Ladendorf introduced the Villagers of Sharing Meadows as well as Father Blaney and Kathleen Kelly, who both spoke of the continuing developments taking place at Sharing Meadows

because of funds raised from the Luncheon each year. In addition to the members of the Service League awarding wonderful items to lucky winners of the prize drawings, there were also three winners of the cash drawing. Congratulations to Shirley Manning for being the first place winner of the cash drawing and to Lola Blythe and Becky Pickett for winning second and third place respectively!

This year's Luncheon truly was the best one ever! Share Foundation extends its sincerest thanks to chairperson Shirley Ladendorf and the members of the Service League who all worked very hard to make this day a success: Marvella Bishop, Reatha Camacho, Joyce Choncoff, Theresa Codespoti, Joan Collins, Margaret Daly, Theresa Dougherty, Pat Fischer, Anne Franz, Loretta Lach, Rose Ann Nagy, Peggy Paulson, Jean Pickett, and Harriet Szafranski.
