MARCH 2006

VOLUME 32 #5

FROM THE DESK OF FATHER BLANEY...

I have learned two main things in my life: who my main friends are and how to plant red raspberries etc. But two main areas of life. I'd like to write to you about one of them this month.

Is power the ultimate goal in life? As a young priest I thought that power was able to solve all the problems of the world. Government agencies controlled what we did. For a time I was traveling down to Indianapolis weekly to be involved with some or other agency dealing with the other abled. I really didn't see anything resulting. When there was trouble in El Salvador, I could understand priests joining the armed guerillas. One of them was a priest named Camillio Torres. Fighting in an armed struggle for the rights of people - there was power in that. But then I saw the movie "Romero." It changed my perception of power as salvation. Archbishop Romero tried to love equally all people. He was shot at Mass. He trusted that God would bring about good. Love - and love alone - is a transformation for good. Love changes us. God is love!

Here at Sharing Meadows love is stressed. We try to love and accept each other. It may take time. People who come for a visit to Sharing Meadows are struck by the peacefulness and acceptance. People receive rights and grow as a person when they are safe and loved. That is something the government cannot legislate or any form of power. "God is love and he who abides in love, abides in God, and God in him."

May your life be full of love!

JOIN THE FRIENDS CLUB

Time has come to renew your Friends Club membership! Invitations to join Father Blaney's Friends Club have been sent out. If you are already a member of Friends Club, please renew and continue to make a difference to your friends here at Sharing Meadows. If you are not a member, we want you to join this special group of people. Your membership fee helps in supporting the residential and camp programs at Sharing Meadows.

You can join the Friends Club by returning the membership card which came in your renewal packet with a minimum donation of \$35. Not only will your donation support Share Foundation, but you will be entered into our monthly drawings. Each month three winners will be drawn and listed in the GOOD NEWS. Each winner will receive a \$100 gift certificate to a restaurant of their choice so they can share an evening of fine dining with their friends! There is also a hidden winner each month who wins \$35 simply by finding their name in the GOOD NEWS and calling the office during that month to claim their prize.

There are so many benefits to joining the Friends Club. We hope that you will join this year and continue to expand our circle of Friends! Remember, "A friend is a gift you give to yourself."

YEAR END RECEIPTS

We were blessed with many generous gifts last year. If you would like to take a deduction for your gift to Share Foundation, the IRS requires a receipt for any charitable contribution of \$250 or more. The Share Foundation would be happy to provide you with a receipt for your donations given in 2005. Please call Annette at the office at 219-778-2585 and she will be happy to send one to you.

THOUGHTS FROM THE EXECUTIVE DIRECTOR

By Kathleen Kelly

One special event we hold each week is community meal, where all of the residents of Sharing Meadows gather together to share food and fellowship. The homes take turns hosting the meal which involves planning, preparing and serving. Community meal is always a joyful time with much conversation, laughter and sharing and it has also been a tool to teach the villagers to be good hosts by seeing to their guests' needs. Recently I have been privileged to serve as a relief steward in one of the homes at Sharing Meadows and this week it was our turn to host community meal. It was quite an adventure as the guys and I sat down to decide what we wanted to do for the event.

We had a great time discussing various menus and finally decided on what food we wanted to serve. The night before, we made special place cards and then went to the camp building to set the table and do some advance prep. The guys were delighted to be part of the process and took great pride in doing their best. They each made a cake for dessert after deciding that two cakes were in order to feed a hungry crowd of this size. When one of the villagers was mixing the batter, he turned to me and, with a big smile on his face announced, "this is the first cake I ever baked!" It was wonderful to be part of that moment and share his joy of accomplishment.

This story is especially appropriate as we celebrate Disabilities Awareness Month in March. The theme this year is **Band Together – EVERYONE Plays a Part**. The poster shows a group of children marching as they play a musical instrument and the leader of the band is a boy who is using a guide dog. That's my kind of band where everyone has an opportunity to play a part.

The poster was made to increase awareness of disabilities among the public but it's also typical of life here at Sharing Meadows. Whether we are preparing a meal for the entire community, participating in Special Olympics or building a bird house, EVERYONE plays a part and everyone is valued for their unique gifts and talents.

March may be the month that's officially designated as "Disabilities Awareness" but at Sharing Meadows, we celebrate and give thanks for each other's abilities each and every day. Our band is special because everyone plays a part!

CAMP CORNER

It was so wonderful to see our friends who came to the February mini-camp and the Valentine's Dance. We discussed kindness, went on a treasure hunt and made and received Valentine's.

The theme for March is Kindness in Words. There will also be a Shamrock dance on Saturday, March 11th from 6:30 p.m. until 9 p.m. Make sure to wear green and be ready to dance the night away!

We also have exciting news. Because of the high demand for camp, we have decided to add another full week to summer camp! Information for summer camp will be going out later this spring, but the dates have already been set as:

June 11 – 16
June 18 – 23
June 25 – 30
July 2 – 7
July 9 – 14
July 16 – 21

We hope you can come this Spring and Summer!!

I CAN MAKE A DIFFERENCE

The other day while I was shoveling freshly fallen snow off the sidewalk, eyeing the sky with no small amount of suspicion, I started to grumble about the long winter. I was in mid nose wrinkle when I saw it. There under a small mound of snow was a vibrant purple crocus! More than anything the arrival of these tiny, but beautiful flowers are a promise that the winter can't last forever. Many people might wonder how can such a small thing make such a difference? But for me, it did. Comforted with the thought that it would soon be spring, I smiled . . . just as it started to snow again.

I have come to love these small, delicate flowers that push up along my walkway each year because more often than not, they surprise me. Since I didn't plant them, I often forget about them until I see them. And when they do finally poke through the snow, boy! They might be small, but to a sun-starved, "can't wait to get back outside" soul they pack quite a punch! Shoveling the snow doesn't seem to be as much a chore when I see these delicate blooms because they prove that clearly, winter is on its way out.

After I see the first flowers of the new season, I go back inside and sit in my chair and imagine how my yard will look when good weather is here to stay. Granted, it's far too early to plant my garden. But it is not too early to plan. Although I am by no means a seasoned gardener, I do love the color and sometimes the smell the many varieties of flowers bring to my yard. An added benefit, which is important to me, is that other people can enjoy them as well. Some people might not see how my flower garden can make a difference to anyone but me. It does. My now friend Jane increasingly takes her after-dinner walks by my house to see "what's happening" in my yard. If I had not taken the time to plant flowers in my yard, if she had not seen them on a routine walk and continue to take her walks past my house, we might never have spoken, let alone become friends. What a difference came out of a handful of tulip bulbs, iris tubers and daffodils.

I guess after a long winter of icy whites and far too many gray skies I am more than ready for a little color. Planting flowers is one of my favorite ways to make a difference for myself, as well as for my friends, neighbors and even passers-by. Maybe someone having a bad day will walk by my house and smile at the profusion of colorful plants. I too look forward to seeing them! It is the same with people. Some people can make an otherwise ordinary day better just by exchanging a little conversation, a little empathy about how hard the winter is, even a little optimism about how soon we can turn that first spade of dirt in our flower beds. This makes those fragile bursts of purple all the more beautiful for at this time of year I may see crocuses today and three feet of snow tomorrow. A visit with a friend can rejuvenate a tired spirit.

While you wait for spring to arrive, remember that Share Foundation has two excellent opportunities coming up in the next few weeks where you can make a difference. In honor of St. Patrick, Father Blaney will celebrate mass on March 19 at 1 p.m. in the St. Timothy Center. After feeding our souls, we can share a true Irish feast of corned beef and cabbage, red potatoes, carrots, rye bread and ice cream for dessert. Irish music, a performance by the villagers of Sharing Meadows and the best Irish joke contest round out the celebration. Come join us, celebrate, see "what's going on" and how you can be bigger part of it all. By your presence, you make a difference.

Looking for a more hands-on event? Perhaps you would like to join the Service League? This phenomenal group of women is responsible for planning the Spring Luncheon and working hard to raise money for Share Foundation. Currently, the League is searching for a few enthusiastic new members to add to their ranks. If you are interested in ensuring the Spring Luncheon will continue to grow and succeed, contact the Share Foundation office. If you would like to attend the annual Spring Luncheon, mark you calendars for April 5 from 11:30 – 6 p.m. Held at the Halls of St. George in Schererville, IN, it is a great way to make a difference in the lives of the other-abled and still chase away a few leftover winter cobwebs you may have!

SHARING MEADOWS PRODUCT OF THE MONTH

This month we are featuring the bluebird house as our product of the month. The villagers, under the watchful eye of woodshop foreman Marshall, cut, sand, paint and assemble the pieces to make houses that will attract bluebirds. Sharing Meadows no-perch bluebird house is made of pine or another "white" wood.

Craig Lach shows off a bluebird house he made in the woodshop

Bluebird habitat consists of open areas with sparse trees, such as fields, prairies, meadows, cemeteries, roadsides, pastures, and golf courses. Mount houses about 5 feet above the ground and 300 feet apart (bluebirds are territorial). A bluebird trail consists of 5 or more houses along a road or fence line. Houses should be ready by late March and should be checked every 7 to 10 days from late March to mid August. A nest should be removed as soon as a brood leaves the nest box. This allows a second brood to be raised.

It is extremely important that you keep house sparrows and starlings away from your bluebird house(s). They are extremely aggressive nesters, often killing other birds in order to occupy a house or nest. Bluebirds generally respond positively to helping human hands.

A bluebird house can be yours for a donation of \$18 to Share Foundation. All proceeds from the sale of items go directly into the vocational training program to benefit our villagers. Now is the time to mount bluebird houses in your yard so come to the St. Timothy Center to purchase yours or call Monica at the office at 219-778-2585 and she'll arrange to send one to you. You'll enjoy the beautiful bluebirds who will take up residence in your neighborhood while you support our vocational training program. The villagers thank you! Hidden Winner: Joanne Kleem, Olmsted Falls, OH 44138
